Folktales, storybooks, legends – favorite stories from our childhood give insight into our diverse perspectives and backgrounds.

**Say:** "In celebration of Diversity Week, I would like all of us to think about what our favorite childhood story is, such as a folktale or storybook. Stories are a great way to learn more about each other and connect "

**Start the conversation:** "The title of my favorite childhood story is \_\_\_\_\_ and in one sentence here's why: \_\_\_\_\_. What is yours?"

**Determine** sharing order or allow team members to speak as they're ready.

**Listen and Share** an insight from these similarities and differences that celebrates your team.

**Say:** "This helps us celebrate our unique backgrounds and gives insight into what has shaped us to be who we are today. Thank you all for sharing a part of yourself with us."
